# Strategies and Accommodations

#### **Classroom:**

- 1. Read aloud what is written on board
- 2. When showing videos, turn on captions
- 3. Provide study guides/review sheets
- 4. Provide printed material
- 5. Announce assignments/tests in advance
- 6. Suggest campus resources
- 7. Use more than one way to demonstrate

### <u>Communication with</u> Parents

- Initiation, consistency, clarity
- Weekly/monthly folders of student's work for parents review, comments, or concerns
- Parent conferences
- Follow ups

## What is a Learning Disability?

According to IDEA, a learning disability means "a disorder in 1 or more of the basic psychological processes involved in understanding or in using language, spoken or written, which disorder may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations."

- 5% of our nation's students have a learning disability.
- There are 2.4 million students in American public schools with a learning disability.

#### Strengths:

- ~ Connect seeminglydisconnected ideas
- ~ Great memory
- ~ Solve problems with navigation or visualizing spaces and objects
- Ability to reason in novel situations
